

CORPORATE RESOURCE
CENTRE (CRC)

INTERNSHIP/PLACEMENT
REPORT
2019-2020

Message from Corporate Resource Centre (CRC)-Head

Ms.Sonia Dixit

At SGT University, Gurgaon, we value our intellectual capital and nurture it through an ideal fusion of contemporary ways and meticulous academic procedure for the comprehensive development, of the students & personality; so that the society at large is benefited every year with the professionals who are well-equipped and can significantly contribute to the value creation process. Our institute's supportive learning atmosphere has helped the students become skilled in both fundamental and advanced technological domains. Our instructional methods assist students in developing the skills required by businesses. Our students receive the necessary exposure through internships and summer training in the newest technology. We strive for the total development of pupils and offer the ideal setting for shaping their overall personas. We respect our student's aspirations and work hard to give them the greatest resources possible. We wish our students the very best in their future pursuits. We would like to extend our sincere gratitude to all of the organizations that have provided the department with active assistance and enabled it complete its task successfully. All organizations are invited to visit and experience SGT University spirit. Introducing our kids to your prestigious organizations is a true privilege.

Looking forward to a lasting and productive relationship.

Introduction

The world is on the cusp of entering a new realm in which human potential itself will become a major agent of economic growth. Unleashing this spirit, individuals' potential will become the ultimate quest. The inescapable pressure to do more with less has awakened employers to explore the true power of human potential: with the right people in the right place at the right time, organizations can achieve all they did before, and more! These new pressures are creating a scenario where the only way to adapt, evolve and rebuild will be through the determination of the human spirit.

As organizations and governments realize that the only path to success is through unleashing human potential and providing an appropriate environment in which the motivations and preferences of individuals will become increasingly important. Understanding how to unleash this spirit, passion and potential is not a one-size-fits-all approach and will require employers to engage their people on a human level. The technology is transforming the ways to interact, live and work, enabling the rapid and unfiltered exchange of ideas and innovation in an increasingly connected world. We are now in that generation of information technology where artificial intelligence is taking over human intelligence.

The arrival of artificial intelligence has a number of profound consequences on the world of work as the world adjusts to the fact that there will be no reset to 'normal'. The ability to make sense of this change will define the winning companies and individuals. Skilled individuals—in increasingly short supply—will dictate their terms to employers, of how, where and when they work. They will naturally gravitate toward industries which offer the best career development options, display a commitment to corporate social responsibility and contribute to the communities where they are located. Companies must become more agile in attracting, training and developing their employees, rethinking their people practices and workforce structures to ensure that they have the best environment to unlock the creativity, innovation, empathy, passion and intellectual curiosity.

At SGT University, we foster an environment where collaboration with industry thrives, generating breakthrough innovation that can support continuous growth. With a perfect track record of productive relationships with corporate, from start-ups to mature and successful enterprises, our institution provides innovative and productive minds

SGT University students have been recruited in various corporate and have proved their worth as an asset to the organizations. Our students would assuredly create a new level of

performance and take their recruiting organizations to new heights in their respective fields. The sole objective is to make the **students' industry-ready** and capable of standing tall to face contemporary challenges of the corporate world and have a smooth transition from **Campus-to-Corporate**.

Vision

The vision of the Corporate Resource Centre is to act as a bridge between students, alumni and employers. Our insight is to ignite young minds who are the future leader with the required set of skills and values which push them to great success.

Mission

The Mission is to facilitate an end to end support to students to excel in their personal life & professional career. It is import to infuse the desired optimism and inspire them to perform and excel.

Objective

The objective of Corporate Resource Centre (CRC) is to maintain a strong Academia and Industry interface and it is the preferred choice of renowned companies that have bestowed faith on the plethora of talent that our University possesses. At the Corporate Resource Centre (CRC), we have embarked upon an 'out of the box' approach for establishing greater, enduring and synergetic industry linkages. In addition to the traditional push strategy, a pull component has been duly incorporated wherein we ask corporate industry practitioners and corporate leaders to partner with us for the long haul. SGT students are honed to cultivate traits that will prove to be an asset to the hiring organizations like adaptability, creativity, teamwork and holistic growth.

Given that today's businesses work indistinct natural environments, divergent ideologies, diverse cultural backgrounds, incompatible economic atmosphere(s) and uncertain opportunity situations; it is no longer a secret why the corporate world, all over the globe, consistently chooses a new breed of managers. These new managers are expected to possess client-oriented cross- functional knowledge and skills.

1. Developing the students to meet the Industries recruitment process
2. To motivate students to develop technical knowledge and soft skills in terms of career planning, and goal setting

3. To motivate students aspire for higher studies and to take competitive exams such as CAT, GATE, TOEFL, GRE, IES,UPSC etc
4. Aiming to Place the maximum number of students through campus & off-campus interviews conducted by the top companies
5. Providing resources and activities to facilitate the career planning process

Corporate Resource Centre (CRC) Team:

1. Ms. Sonia Dixit
2. Ms. Monika Gosain
3. Ms. Ann Elizabet

Internship Opportunity

Corporate Resource Centre (CRC) is very keen to identify student's career goals and provide an edge into the present day competitive job market. CRC has provided number of internship opportunities with several leading companies to the university students. The main objective of the Corporate Resource Centre is to provide students with opportunities to gain real-life experience. There is a famous saying by Aristotle—"Knowing yourself is the beginning of all wisdom". An internship is an opportunity to learn more about yourself and the experience which gaining through the internship is the real-time asset which helps to shape each intern. Corporate Resource Centre (CRC) is very keen to identify student's career goals and provide an edge into the present day competitive job market.

Industrial Visit

Industrial visit is a part of professional courses, during which students visit companies and get an insight of the internal working environment of a company. Industry visits sensitize students to the practical challenges that organizations face in the business world. The objective of CRC is to provide students with an opportunity to explore different sectors like IT, Manufacturing, Services, Finance and Marketing. It helps to combine theoretical knowledge with practical knowledge.

Benefits of Industry Visit:-

- Industrial Visit brings clarity to important management concepts, as students practical experience first-hand how these concepts are put into action.
- Industrial Visit Bridge the gap between classroom theoretical training and practical learning in a real- life environment.
- It provides an opportunity for students to ask questions related to their area of interest.
- With regular industrial visits, the students are able to identify their prospective are of work like Marketing, Finance, Logistics, etc.
- This also gives students a platform to enhance their interpersonal skills.
- The students get to see the best practices opted by different companies for similar work.
- Using the case study approach with in the visit to bring out critical thinking among students.

Placement Opportunities

The Corporate Resource Centre (CRC) plays a crucial role in locating job opportunities for Under Graduates and Post Graduates passing out from the University by keeping in touch with reputed firms and industrial establishments. The Corporate Resource Centre (CRC) operates round the year to facilitate contacts between companies and graduates. The number of students placed through the campus interviews is continuously rising. On invitation, many reputed industries visit the institute to conduct interviews.

We have been successful in maintaining our high placement statistics over the years and the fact that our students bear the recession blues with record breaking placements itself is a testimony to our quality.

The Corporate Resource Centre (CRC) organizes career guidance programmes for all the students starting from first year. The cell arranges training programmes like Mock Interviews, Group Discussions, Communication Skills Workshop etc and it also invites HR Managers from different industries to conduct training programmes for final year students.

LOGOS

Recruiters Speak (Testimonials)

“SGT University is growing big time in its looks, student courtesy and attitude.

It is a great feeling witnessing SGT growing to international standards. I am highly impressed with the quality of students and their enthusiasm. I appreciate an excellent contribution from SGT for society in creating future leaders.”

Mr. Rakesh Sharma,
Deputy Branch Manager,
Future Generali

“Through this mail we would like to express our heartfelt gratitude and appreciation for your support and hospitality during the Nursing campus hiring. We look forward to a long and fruitful association with you”

Mr. Mohit Bakshi,
Human Resource Manager
BLK Super Specialty Hospital
