A guest lecture on water conservation was organized by the Department of Environmental Science, Faculty of Allied Health Sciences on 15th March 2017. The lecture was delivered by Prof. (Mrs.) Rajesh Dhankhar, HOD Environmental Sciences, MDURohtak. The program was inaugurated by Hon'ble Vice-Chancellor, Dr. Sham LalSingla, who emphasized on the need of Water Conservation and need of such talks in future. Dr. V. K. Govila, Dean, FAHS, welcomed the guest speaker. The speaker deliberated on the subject of water conservation in detail, inspiring the students to save water and highlighted the conservation strategies, mitigation of use and importance of water conservation in a simple and lucid way. Dr. T. D. Dogra, Pro-Chancellor, also spoke on the occasion and focused on water contamination issues and need to decontaminate water in addition to make efforts for water conservation. Dr. Kamlesh Kohli, Director Medical Science also graced the occasion. The vote of thanks was proposed by Dr. Archana, HOD, Environmental Science. Students were quite enthusiastic and they put forth many questions to the speaker who gladly answered the queries.
