Budhera, Gurugram-Badli Road, Gurugram (Haryana) – 122505 Ph. : 0124-2278183, 2278184, 2278185

Faculty of physiotherapy from SGT university gurgaon organized an event plantation drive at budhera pond site with the collaboration with 'GuruJal'. 30 students with faculty has participated in this palnting event.Over 250 plants were planted at the site of pond and maximum native species of Aravali range were planted such as neem, Jamun, cassia, pipal and many more plants. Students enjoyed the plantatation drive and learned the basic idea of pond restoration and rejuvenation. The aim of the drive was to make the pond site greener and cleaner with a participatory approach. The drive was facilitated by the GuruJal team with all safety measures. In the plantation drive with students, the local community also participated. During the plantation drive, officials from GuruJal created awareness among the community about the project and made them aware of community roles and responsibilities and discussed the importance of their local flora and fauna of the village.

b) Objective of the Event

Excellent opportunity for students by gaining exposure through involvement in the live project under District Administration Gurugram. This will help in creating the awareness about the importance of plants , water conservation technology and create the importance of social responsibility of the student and will also help in improving the biodiversity of the region.
