The dental team took initiative under guidance of Dr. Shourya Tandon (Professor and Head, of Public Health Dentistry).

FACULTY OF
DENTAL SCIENCES

Department of Public Health Dentistry

The dental team was headed by Dr. Navodita Jamwal, Assistant Professor, Department of Public Health Dentistry and 5 interns namely Trisha, Diksha, Simran, Manuj and Tanvi along with Mr. Darshan (Attendant). Dental screening of 155 children (Girls – 40; Boys – 115) from different classes of school took place.

Positive feedback was obtained from many children and their class teachers. Cases requiring treatment were referred to Faculty of Dental Sciences, SGT University. All patients were given referral slips. The children got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral health.

Importance of maintaining good and hygienic oral health was verbally delivered to the children by faculty and the interns. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the children.

With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

5. Number & Description of Beneficiaries:

Total-155

Boy-115

Girl-40

All the participants who required any kind of dental services were referred to Faculty of Dental Sciences, SGT University, Gurugram, Haryana.

- 3. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken**

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted oral health screening program on 15th January 2024 (Monday) at Mata Daan Kaur Public School, Najafgarh, Delhi.

The activity was organized under the guidance of Dr. Shourya Tandon (Prof. and Head Department of Public Health Dentistry). The Dental team was headed by Dr. Charu Khurana (Associate Professor, Department of Public Health Dentistry) along with 2 postgraduates Dr. Mahima (Department Pedodontics) and Dr. Prashant (Department Orthodontics) along with 6 BDS Interns Chetan, Apurva, Tanishka, Kritika, Lischica, Divyanshi and 1 attendant Mr. Sunil. A total of 361 students from classes 3rd till 8th were examined which included 218 boys and 143 girls. Along with students, oral health examination was done for some of the Teachers and supporting staff in the school. To encourage the children to adopt healthy oral practices, an oral hygiene kit consisting of a toothpaste, tooth brush and awareness material was also distributed.

Department of Public Health Dentistry

An oral health talk session was taken by Dr. Charu Khurana where she demonstrated the appropriate brushing technique and mentioned about the adverse oral habits, oral hygiene importance, ill effects of tobacco consumption. The purpose of the Oral Health drive was to create awareness among the students and make them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment.

4. **Number & Description of Beneficiaries:**

Total patients examined: 361

Males: 218

Females: 143

5. **Outcome of the Activity& its relevance to Health Sciences:**

This dental camp provided created awareness towards importance of good oral health among school children and motivated them to follow oral hygiene instructions in routine and lead a healthy life.

FACULTY OF
DENTAL SCIENCES

Department of Public Health Dentistry

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp on 16th January, 2024 at RD Public School, Krishangarh.

The dental team took initiative under guidance of Dr. Shourya Tandon (Prof. and Head, of Public Health Dentistry). The dental team was headed by Dr. Rangoli Srivastava (Senior Lecturer, Dept. of Public Health Dentistry) along with 6 interns- Pawan, Arshia, Yatharth, Simran, Harshita, Vidhi along with Mr. Sunil (Attendant). Dental checkup of 363 children from different Nursery till 12th class was done. There were 239 males and 124 females. Along with students, oral health examination was done for some of the Teachers and supporting staff in the school. To encourage the children to adopt healthy oral practices, an oral hygiene kit consisting of a toothpaste, tooth brush and awareness material was also distributed.

Positive feedback was obtained from many children. Cases requiring treatment were referred to SGT dental college. All patients were given referral slips. The children got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases. Importance of maintaining good and hygienic oral health was verbally delivered to the children. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the needy children. With the involvement of every single member of the dental team and their enormous efforts, motive of the dental camp was achieved to its maximum.

Department of Public Health Dentistry

Participants acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counseling disseminated to them. The interns appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral health.

Department of Public Health Dentistry

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp on 24th January, 2024 (Wednesday) at Khetawas, Farrukhnagar.

The dental team took initiative under guidance of Dr. Shourya Tandon (Associate Dean and Prof. and Head). The dental team was headed by Dr. Surbhi Priyadarshi (Senior Lecturer, Dept. of Public Health Dentistry) along with 1 intern Rashi. Mr. Sunil (Attendant) accompanied us. Dental checkup of 08 individuals from different age groups was done.

Rigorous cases requiring complex treatment were referred to SGT dental college. All patients were given referral slips. The patients got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral diseases.

Importance of maintaining good and hygienic oral health was verbally delivered to the patients. An oral hygiene kit consisting of a toothpaste, toothbrush and mouthwash was distributed to the needy population. Along with this, medicines including analgesics, antibiotics and multivitamins were distributed at the camp site.

With the involvement of every single member of the dental team and their enormous efforts, motive of the dental camp was achieved to its maximum.

47. *Objective of the Activity:*

To create awareness among the children about common oral diseases and to Promote Oral Health.

Department of Public Health Dentistry

48. Brief Write-up (300 -500 words) on the event(s) explaining activities undertaken:

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental as well as medical camp on 31st January, 2024 at Palri, Farrukhnagar.

The dental team took initiative under guidance of Dr. ShouryaTandon (Prof. and Head, of Public Health Dentistry). The dental team was headed by Dr. Rangoli Srivastava (Senior Lecturer, Dept. of Public Health Dentistry) along with 1 intern- Isha along with Mr. Darshan(Attendant). Dental checkup of 12 patients was done. There were 6 males and 6 females. To encourage them to adopt healthy oral practices, an oral hygiene kit consisting of a toothpaste, tooth brush and awareness material was also distributed.

Positive feedback was obtained from many patients. Cases requiring treatment were referred to SGT dental college. All patients were given referral slips. The people got ample opportunities to interact with the dental surgeons to

Department of Public Health Dentistry

enquire and gain knowledge concerning oral diseases. Importance of maintaining good and hygienic oral health was verbally delivered to the adults. An oral hygiene kit consisting of a toothpaste, tooth brush and mouthwash was distributed to the needy people. With the involvement of every single member of the dental team and their enormous efforts, motive of the dental camp was achieved to its maximum.

Participants acknowledged the way the Dental team heard and attended to their problems with compassion and were appreciative of the oral health education and counseling disseminated to them. The interns appreciated the opportunity provided to them to interact with patients at a community setting leading to improvement in their soft skills and approach towards patients in an outreach location, they also expressed their wish to participate in such activities in the future. The purpose of the dental camp was to create awareness in the community towards the importance of oral health.

Feedback Form

Dental camp at Khurampur Village

Myself Vidhi Singh went to dental camp at Khurampur village on 2nd of Feb which was really good and interesting. It was a great experience to understand the hurdles that the people in rural areas were facing in maintaining their oral health. I told them about ~~the~~ oral hygiene instructions. Overall it was a great experience with the guidance of best teacher Dr. Akshaykshi.

February 8, 2024 at Village Yakubpur, Jhajjar to observe World Cancer Day. It is an international awareness day led by the Union for International Cancer Control (UICC) celebrated on February 4 every year. As per the WHO Regional Director for Africa, between 2022 and 2024, the focus of World Cancer Day is to help "close the cancer gap." To commemorate World Cancer Day, a total of 50 patients, including 20 males and 30 females were examined and 22 patients were treated at the camp site in Mobile Dental Van. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. An oral health talk was prepared and presented by the interns, focusing on the causes of cancer and how to prevent it using charts and models. The general population gave positive feedback and appreciated the check-up and patient care provided by the dental team. They acknowledged the way the dental team heard and attended to their problems with compassion. The purpose of the oral health check-up was to create awareness among the community and make them understand the importance of oral health.

MODEL ECONOMIC TOWNSHIP (RELIANCE FOUNDATION)
(YRQUBPUR)

It was a very informative camp. We got to learn about a lot of things as to how to diagnose a particular pathology and how to explain it properly and an easy way to explain it to the patient.

The patients also had a positive response towards patient education. We also motivate them to maintain good oral hygiene. Overall, the camp was a success.

96. *E Brochure/Banner (if made)-*

97. *Objective of the Activity:*

To create awareness among the participants about common oral diseases and to Promote Good Oral Health Practices.

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University in collaboration with SGT Publicity Team organized a dental camp as well as medical camp on 9th Feb, 2024 at Majri, Gurugram, Haryana.

Department of Public Health Dentistry

The dental team took initiative under guidance of Dr. Shourya Tandon (Professor and Head, Department of Public Health Dentistry).

The dental team was headed by Dr. Navodita Jamwal, Assistant Professor, Department of Public Health Dentistry *Dr. Rahul* – MDS Postgraduate student, 1st year PG from Department of Public Health Dentistry *Attendant* – Mr. Darshan Singh

Dental screening of 6 patients (Female – 4; Male –2) took place.

By addressing the pain and discomfort associated with toothaches among the Majri village residents, this day highlights the value of preventive dental care and maintaining good oral hygiene practices . Patients requiring further treatment were referred to SGT Dental College. All patients were given referral slips. The patients got ample opportunities to interact with the dental surgeons to enquire and gain knowledge concerning oral health.

Importance of maintaining good and hygienic oral health was verbally delivered to the patients by faculty and the intern. An oral hygiene kit consisting of a mouthwash and tooth brush was distributed among the patients.

Oral Health Education was also delivered among school students by demonstrating brushing technique using toothbrush and mouth models.

With the involvement of every single member of the dental team and their enormous efforts, health education and health promotion were achieved at its best.

Luzni Priyadarshi
In-Charge
DR. LUZNI PRIYADARSHI

Head of Department:

Department of Public Health Dentistry

106. E Brochure/Banner (if made)-

107. Objective of the Activity:

108. To sensitize the students through their teachers regarding importance of their oral health.

Department of Public Health Dentistry

109. To provide oral health check-up for children and educate them regarding their oral health status.

110. Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University conducted an oral health screening program on 12th February 2024 (Monday) at Divine Dale International School, Pataudi.

The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Dept. & Associate Dean). The Dental team was headed by Dr. Surbhi Priyadarshi (Senior Lecturer, Department of Public Health Dentistry) along with 1 postgraduate Dr. Shweta (Department of Pedodontics) 6 Interns Chetan, Apoorva, Mahima, Sweety, Kritika, Tanishka and 1 attendant Mr. Sunil. A total of 225 students from classes Pre-Nursery to XIIth were examined which included 136 boys and 89 girls. Along with students, oral health examination was done for some of the teachers and supporting staff members in the school.

An oral health talk session was delivered which included importance of brushing, procedure of mouthwash usage and oral hygiene instructions. Doubts regarding toothbrushing technique, oral hygiene products and questions raised by students during oral health talk session were also answered. Oral Health Education was imparted regarding the importance of adopting a healthy lifestyle through brushing techniques, models and charts.

Department of Public Health Dentistry

The purpose of the Oral Health drive was to create awareness among the students and make them understand the importance of oral health care. Students who required dental treatment were referred to SGT Dental hospital for further treatment.

111. Number & Description of Beneficiaries:

The Beneficiaries were students of Divine Dale International School from Classes LKG to XIIth. 225 students came forward for their Dental Check-up out of which 136 were boys and 89 were girls. Children were given demonstrations for brushing technique. Majority of the students had good oral hygiene however some children had Dental Caries, grossly decayed teeth and extrinsic stains.

112. Outcome of the Activity & its relevance to Health Sciences:

The activity was well appreciated by the School Authorities. Proper brushing technique was demonstrated to educate the children and their teachers regarding the importance of proper oral hygiene maintenance. Two hundred and twenty-five students were examined. Young Children were also shown educational videos to reinforce the oral health education imparted to them. The interns and postgraduates worked in tandem and learnt the nuances of working at an outreach setting in a

Department of Public Health Dentistry

school setting while realizing the importance of good teamwork and soft skills related to patient management at an outreach setting.

113. Relevant Photographs with captions (preferably geo-tagged & High-resolution images – to be mailed as separate attachments along with placement in word file also) – 4 to 6 Photographs

Feedback form

We attended the camp at Gurgaon International School and it was a great experience dealing with school kids. There were 225 kids and each & every one was listening very keenly. We really enjoyed the camp and it was an immense pleasure to share our knowledge with the kids and helping them out in order to maintain good oral hygiene. We also referred some students to visit SGT Dental University for further evaluation and treatment. Overall it was a very good experience under the guidance of Dr. Shubhi.

132. To refer patients required complex treatment to SGT Dental Hospital, SGT University, Gurugram

133. **Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken**

The Department of Public Health Dentistry, Faculty of Dental Sciences, SGT University organized Oral health checkup and treatment camp in association with Reliance Model Economic Township (Reliance MET) at Govt. School in Pelpa Village, Jhajjar on 13.2.2024 (Tuesday). The Dental team took initiative under the guidance of Dr. Shourya Tandon (Head of Department & Associate Dean). The Dental team was headed by Dr. Charu Khurana (Department of Public Health Dentistry) along with Dr. Priya

Department of Public Health Dentistry

(Postgraduate Periodontics Department), Dr. Jay (Postgraduate Prosthodontics Department), and BDS Interns –Harshita, Isha, Yatharth, Mahima, Mehak and 1 attendant Mr. Darshan. A total of 177 school children including 99 boys, 78 girls were examined. Out of which 20 patients were provided Oral Prophylaxis treatment in mobile dental van. Patients who required complex dental treatment were referred to SGT Dental Hospital for further procedures. Around 15 school teachers were also examined and guided for proper maintenance of oral hygiene. Toothbrushes, Toothpastes, mouthwash and basic medicines were distributed to the needy patients. Oral health education was also given to the attendees of the camp regarding maintenance of oral health and its relation with general health. School official authorities gave positive feedback and appreciated the check up and patient care provided by the Dental Team. They acknowledged the way the Dental team heard and attended to their problems with compassion. The purpose of the Oral Health check-up was to create awareness among the community and make them understand the importance of oral health.

134. Number & Description of Beneficiaries:

Total school children examined: 177
Boys: 99
Girls: 78
Teachers: 15

135. Outcome of the Activity& its relevance to Health Sciences:

This dental camp provided created awareness towards importance of good oral health among villagers and motivated them to follow oral hygiene

Department of Public Health Dentistry

instructions in routine and lead a healthy life. A total of 20 patients were provided treatment of oral prophylaxis in the Mobile Dental Van. Patients required complex treatment were referred to SGT Dental Hospital, SGT University, Gurugram.

- 181. To refer patients required complex treatment to SGT Dental Hospital, SGT University, Gurugram.

182. **Brief Write-up (300 -500 words) on the event(s)explaining activities undertaken**

The Department of Public Health Dentistry in association with Department of Pediatric and Preventive Dentistry, Faculty of Dental Sciences, under the aegis of the Institution's Innovation Council (IIC) - SGT University organized an awareness program on "Importance of Innovation and Entrepreneurship in Student Life." It was an initiative to sensitize school children about the concept of innovation and entrepreneurship. Fostering innovation and entrepreneurship among school children is crucial in today's age and we believe school children are true ambassadors of and for the society at large. This program highlighted the basic Oral Hygiene Care Innovations useful in daily lifestyle of all age group individuals conceptualized and designed by faculty members and dental students of the SGT University. The event was conducted on National Science Day (28th Feb 2024) at DAV Centenary Public School, Bahadurgarh to promote the scientific thinking and highlight the importance of science in every day's life. A Quiz competition was also conducted among the students and exciting gift hampers were also distributed to the winners. Along with the session, Oral health checkup of around 300 students and treatment to around 10 patients were also conducted in the Mobile Dental Van. The school official authorities appreciated the efforts of the dental team and expressed to have such more sessions in the future as well.

183. **Number & Description of Beneficiaries:**

Department of Public Health Dentistry

Total school children examined: 300

Boys: 180

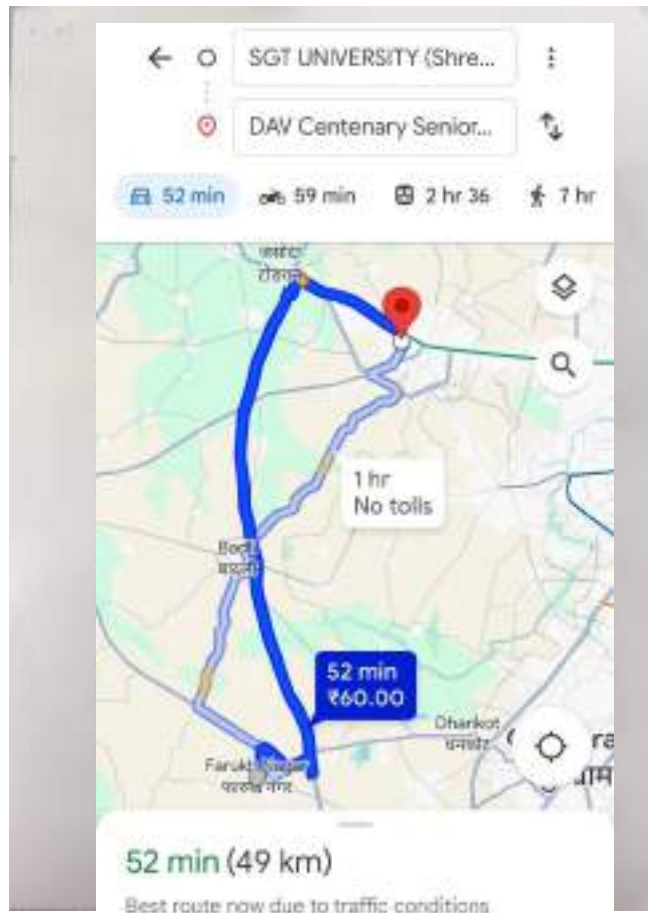

Girls: 120

184. Outcome of the Activity& its relevance to Health Sciences:

This dental camp provided created awareness towards importance of good oral health among school children and motivated them to follow oral hygiene instructions in routine and lead a healthy life. A total of 10 patients were provided treatment of oral prophylaxis in the Mobile Dental Van. Patients required complex treatment were referred to SGT Dental Hospital, SGT University, Gurugram.
