

## **Medical Education Committee**

The Medical Council of India, by the MCI Regulations on Graduate Medical Education, 1997, made it mandatory for all medical colleges to establish Medical Education Units or departments

Consequently, Medical Education Unit was set up in Faculty of Medicine and Health Sciences, SGT University in the year 2012 in order to enable faculty members to avail modern education technology for teaching. Since then, the MEU unit has been working diligently with the goal of continually improving the standards of medical education. The unit conducts various Faculty Development Programmes, UG and PG Orientation Programmes, Symposia, & CMEs regularly.

## **Vision and mission**

### **Vision:**

To become pioneers in training medical professionals and in medical education.

### **Mission:**

To improve the standards of medical education among healthcare professionals by imparting necessary training to medical educators and conducting educational research.
